Дорогие девочки и мальчики!

Вновь мы с вами встретились на страницах серийного выпуска сборника под названием “Грамматика для школьников”. Еще один шаг нам предстоит сделать вместе. Вы стали взрослее и, конечно, багаж ваших знаний будет пополняться все быстрее и быстрее.

В этом сборнике вы познакомитесь с новыми грамматическими темами (*Past Continuous Tense, Passive Voice, Past Perfect Tense, Future-in-the-Past Indefinite Tense, Reported Speech*). Для того чтобы вам были более понятны эти темы, в каждый грамматический раздел, как всегда, включены таблицы, схемы и модели, систематизирующие материал разделов.

Вы сможете пополнить свой лексический запас и лучше усвоить грамматические структуры, если вы поработаете над лексическими разделами этой книги (“Television”, “Shopping”, “Sports and Games”, “Health and Body Care”). Задания к упражнениям в этих разделах даны таким образом, чтобы лучше усвоить грамматические разделы и времена предыдущих разделов. С помощью

этих разделов вы закрепите свои грамматические знания, а также овладеете новой для вас лексикой.

Фразы и упражнения из этих разделов помогут вам написать сочинения и составить диалоги.

Я старалась так подобрать упражнения для вас, чтобы вы поняли и смогли использовать в своей речи такую трудную грамматическую тему, как *Reported Speech*. Во всех лексических разделах вы встретите упражнения на эту коварную грамматическую тему.

Я надеюсь, что вы как всегда трудолюбивы и внимательны. Еще раз желаю вам успеха и верю в вас.

Автор.

ДА ЗДРАВСТВУЕТ АНГЛИЙСКАЯ ГРАММАТИКА!

Уровень Beginners

*Пособие для младших
школьников — 200 с.*

— Грамматика? Как это скучно! — так скажет любой ученик.

— Отнюдь! Грамматика может быть занимательной и веселой! — утверждает автор этой книги Светлана Васильевна Фурсенко и предлагает младшим школьникам свой путь освоения английской грамматики. На этом пути верными союзниками учеников станут стихотворения, шутки, рифмовки и творческие задания. С их помощью ребята не только знакомятся с грамматическими конструкциями и примерами, но и на основе наблюдений формулируют правило, то есть самостоятельно осваивают и запоминают законы английского языка. Таким образом процесс обучения превращается в увлекательную игру, а новые знания ребята тут же используют на практике.

Прослушивание компакт-диска с записью рифмовок и ключей к большинству упражнений поможет детям быстро освоить правила и научиться воспринимать английскую речь на слух.

М. А. Серебренников

**АНГЛИЙСКИЕ
ПЕСЕНКИ — 88 с.**

Дети с удовольствием играют, слушают песни и поют сами. Поэтому данный сборник, включающий английские, американские и канадские песни, будет полезен на занятиях. Когда ребята слушают и поют песни, они знакомятся с культурой англоязычных народов и незаметно для себя запоминают новые слова и выражения.

В книгу вошли шуточные, романтические и колыбельные песни, песни игры, песни-баллады и т. д.

Компакт-диск с записью песенок поможет педагогам разнообразить индивидуальные и групповые занятия и привить детям любовь к английскому языку.

**НАЧИНАЕМ ГОВОРИТЬ
ПО-АНГЛИЙСКИ —
208 с.**

Начинать какое-то новое дело — всегда трудно, но в то же время занимательно и интересно, особенно в младшем школьном возрасте. Автор пособия Марина Анатольевна Гацкевич предлагает ребятам сделать первые шаги в активном освоении английского языка.

Книга позволяет школьникам не только научиться понимать и переводить тексты на иностранном языке, но, что самое главное, самостоятельно строить диалоги и рассказы по предложенной теме. В этом им помогают дополнительные вопросы и творческие задания, предложенные автором. Чтобы лексический материал усваивался лучше, в каждой теме приводится словарь.

Пособие адресовано учащимся начальной школы.

**READ. LEARN.
DISCUSS.
NEW VERSION**

*Учебное пособие
для X-XI классов
специализированных
школ — 544 с.*

Новая версия “Read. Learn. Discuss” предназначена для тех школ и гимназий, которые планируют использовать его в качестве учебника английского языка для X–XI классов. В нем собрано наиболее интересное и полезное из первых двух пособий в объеме, достаточном для 2-х лет обучения. Отобраны тексты, максимально подходящие для работы в классе. Из двух книг выбраны 14 тем, исправленных и дополненных новыми материалами. Уменьшено количество заданий и упражнений, оставлены наиболее удачные.

В отличие от предыдущих изданий каждая тема снабжена англо-русским словарем для облегчения и ускорения выполнения заданий. Кроме того, в книгу включен небольшой грамматический раздел, позволяющий учащимся проверить свои знания по некоторым темам, являющимся обычно «ахиллесовой пятой» старшеклассников.

диалоги — 160 стр.*

Эта книга должна стать верным помощником школьникам и абитуриентам, готовящимся к различным экзаменам, зачетам, самостоятельным и проверочным работам по английскому языку. Опытный педагог и автор популярнейших пособий для школьников, М. А. Гацкевич хорошо знает, какие именно знания и умения должен продемонстрировать учащийся и абитуриент. На основе этих представлений и построена книга. В ней не только представлены основные тематические тексты, предлагаемые на экзаменах, но и подобран материал для глубокого освоения предложенных тем. Каждый текст снабжен словарем и рядом разговорных выражений для заучивания. Кроме того, приводятся разнообразные задания, позволяющие не механически, а с пониманием запомнить текст и научиться работать с новой лексикой. В заключение даются диалоги, на основе которых легко составить устный рассказ, не связанный дословно с текстом.

Подбор тем, разнообразие упражнений и диалогов, доступность лексики делают эту книгу удобной в использовании и полезной для школьников и поступающих в вузы.

Тексты и диалоги записаны на диск, что позволяет быстрее выучить необходимые темы, запомнить слова и усовершенствовать произношение.
